

How I have grown as a person in Grade 6 through MJR at St Therese's 2012

- This year I have shown more empathy, I used to want the spotlight, and now I realise that life is more than just me.
- This year I use the MJR quotes at home and I wave and smile more to kids at school.
- I have really improved as a team player at home, I am more grateful for what I have, and a lot more positive to people at home and school.
- I want to take MJR into my future with the "one per centers" and be more switched onto the God Moments of my life.
- I like the sayings and it has helped me change my attitude to people.
- MJR has helped me to think differently, and I reflect on my day more and I plan to read my green and yellow cards in the future.
- Grade 6 has helped me to be more confident in my leadership role and I have a go at things.
- I will continue to wear my W.E.S.T. wristband and to realise that Jesus is in my heart forever.
- I like that I have a "book for life".
- When I see someone I know, I don't pretend that I haven't seen them, and now I have more confidence to say "HI".
- To me MJR was a big eye opener and I think that I am a better person because of it.
- My life has changed mainly through Gr 6, and I think I am better at pulling through the tough times, and I am not afraid to be myself.
- I like the book and there is a life long happiness that comes with MJR.
- Parents you should be proud of your children's responses, and I can see a great deal of Mr Morey's influence in those comments. So many said similar things to the "one liners" above so I tried hard not to repeat them. Best wishes for a bright future Grade 6. Cheers Mitch
