

MR. HAPPY

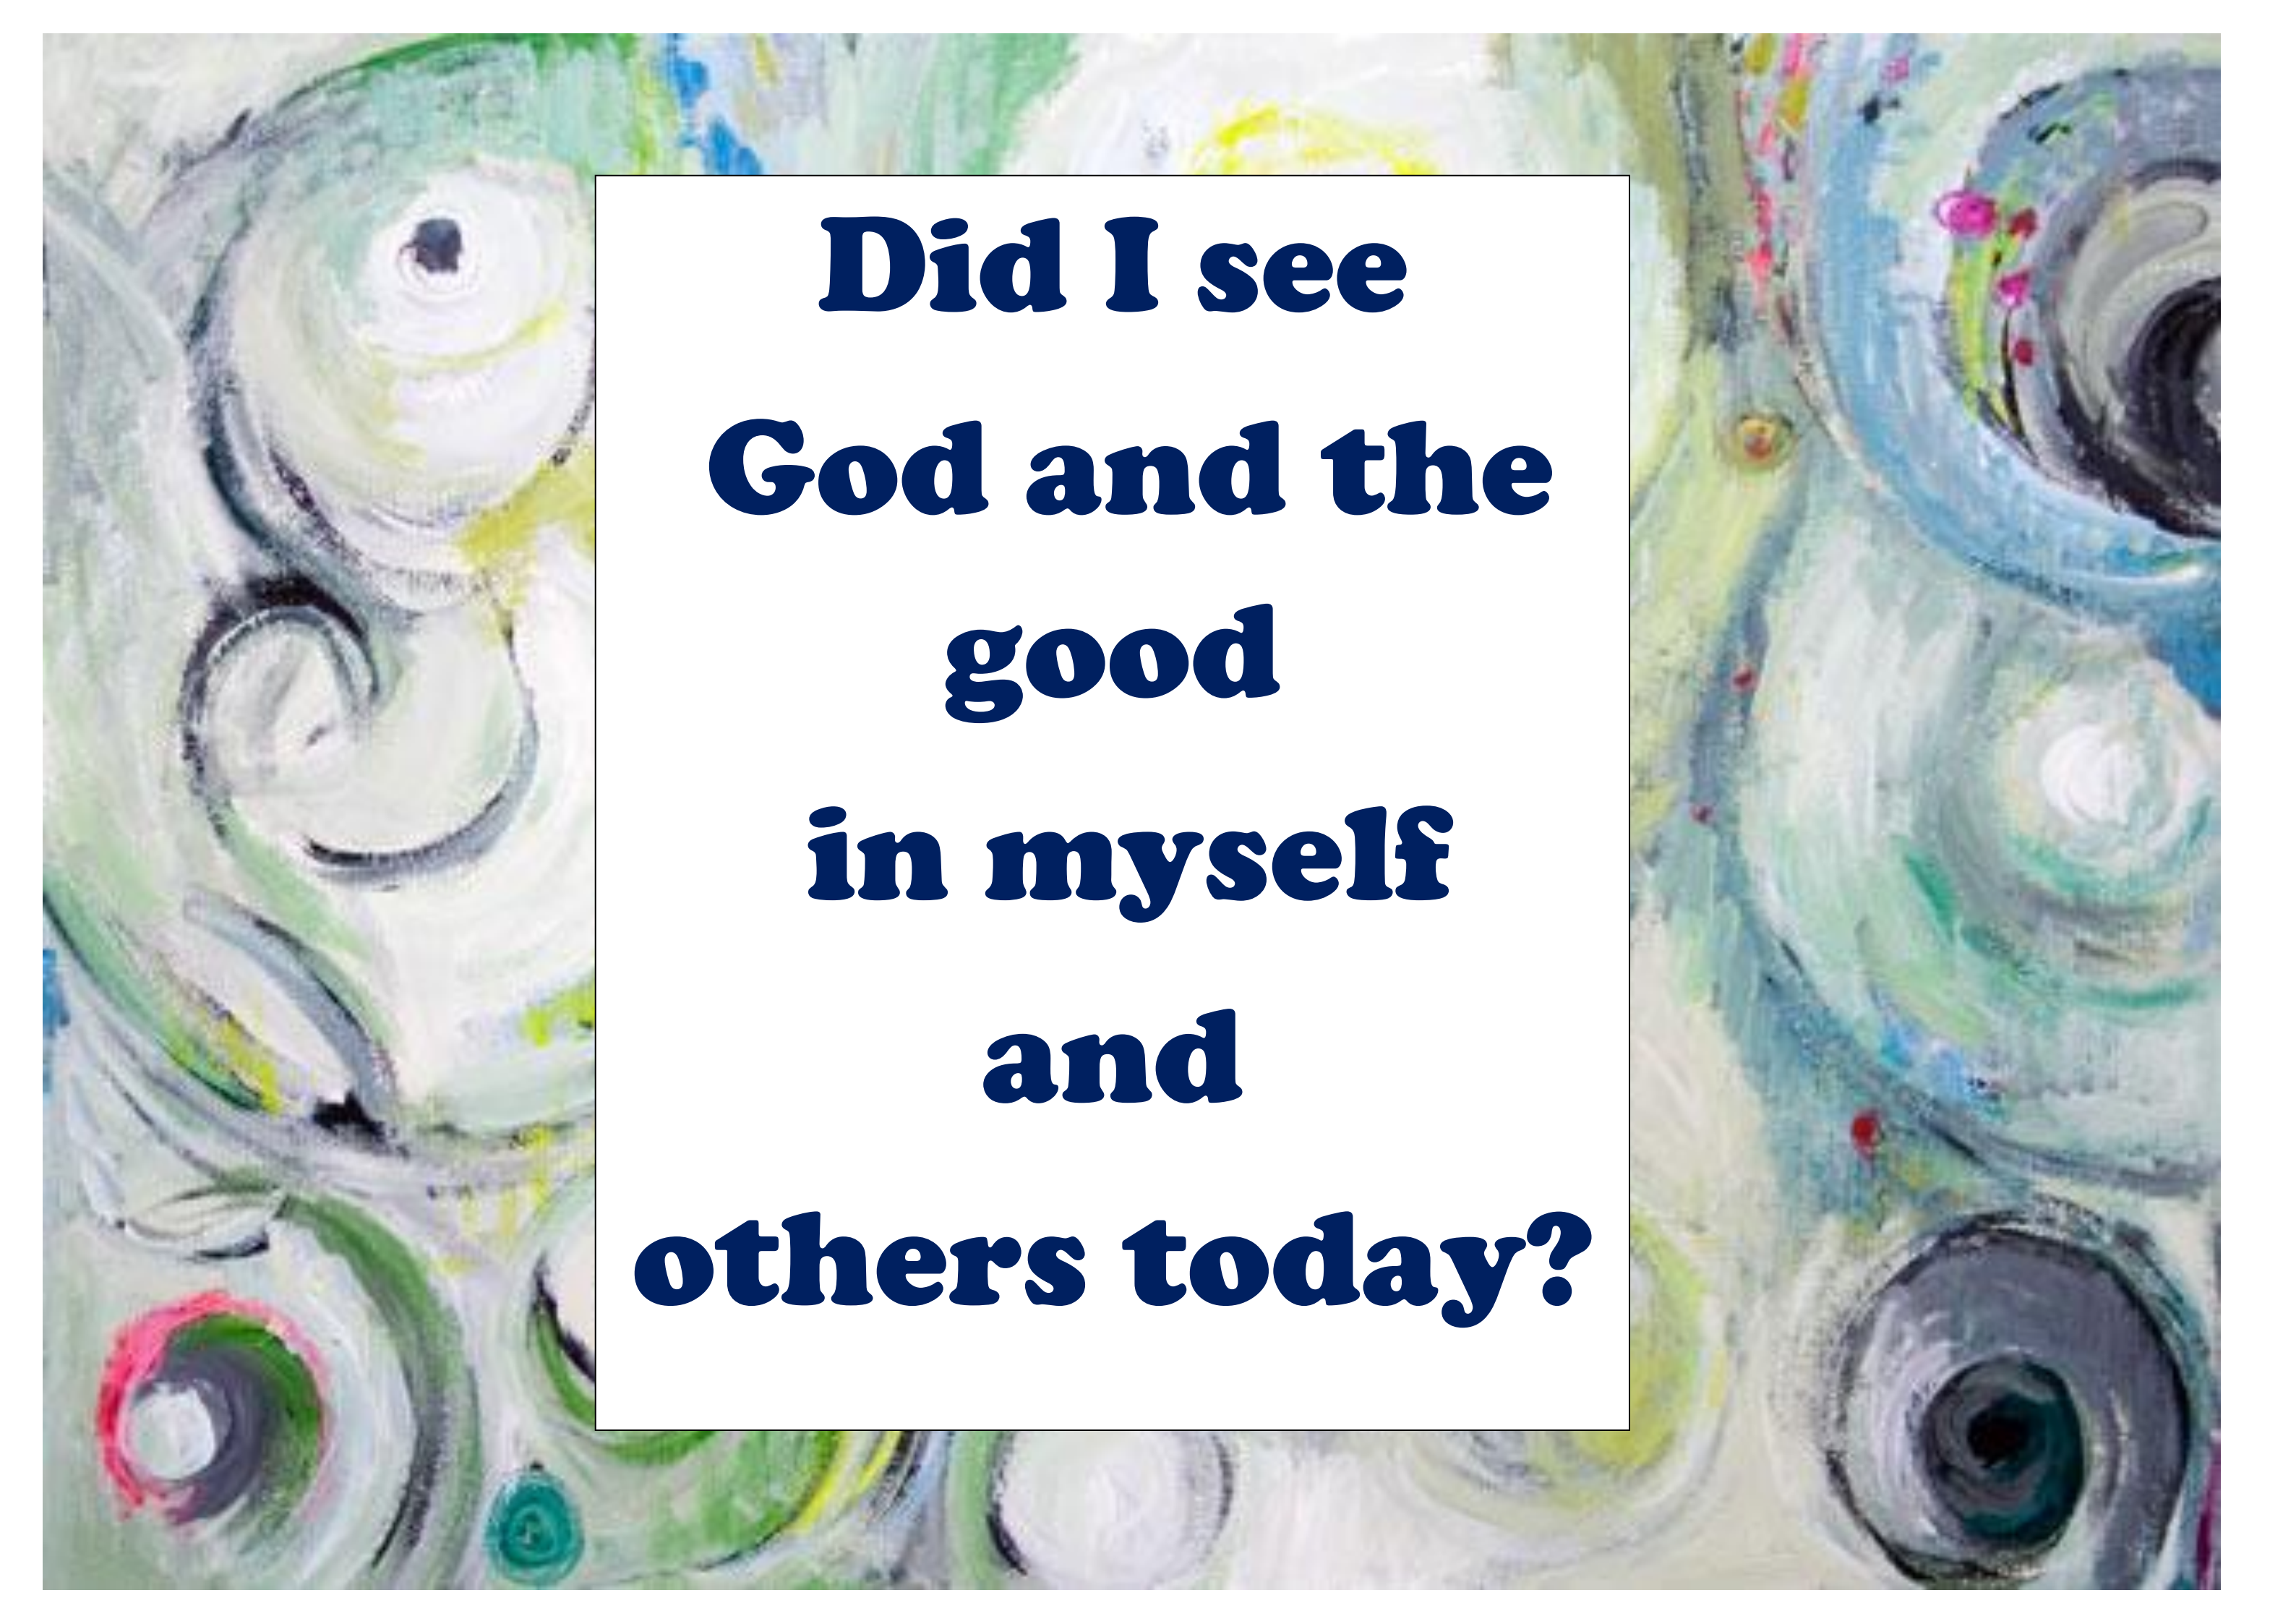

Happiness
often comes
when you try
and make
others happy!

Happiness
does not
come from
what you
have....
it comes
from what
you are.

Happiness
adds and
multiplies
when we
divide it with
others.

An abstract painting with swirling, circular patterns in shades of green, blue, white, and grey. There are some small red and pink dots scattered throughout. The overall style is expressive and textured.

**Did I see
God and the
good
in myself
and
others today?**
